RECORD VOTE NOT EXPECTED

Early Voting is Rule Today, but
Number Cast by 1 O'clock
Shows Similarity to 1914

NO DISTURBANCES AT POLLS

One Voter's Name Not Being on
Registration Lists Causes Chal-
lenge but he Votes

The vote early slogan coupled
with the extremely fine weather in-
sured a full vote in Rush county to-
day. The morning hours saw a
steady stream of voters going to the
polls but this afternoon the voting
had slackened considerably but even
at that most of the vote was ex-
pected to be in by the time the
polls closed.

There was no indication of a re-
cord breaking vote being cast. At
one o'clock today the vote in the ten
precincts in Rushville township was
about the same as that cast two
years ago. While the registration
was heavy the vote will not reach
that figure.

Reports from over the county in-
dicated that the same conditions
existed there as here. Early voting
was the rule and in several of the
townships practically the entire vote
had been cast by three o'clock.
Workers of both parties were busy
all day. One noticeable feature of
the election was the entire disap-
pearance of the horse drawn vehicle
in use for many years in hauling
the voters to the polls. The auto-
mobile has taken the place of the
horse and machines were numerous.

Practically two-thirds of the vote
in the ten precincts in Rushville
township was in by two o'clock. In
the second precinct but thirteen
votes remained out. In the third
precinct a total of thirty-four votes
remained out from a total of 234 as
shown by the registration.

The day was void of any distur-
bances at the polls. Many voters
were challenged. Several cases were
found in which the voter had regis-
tered and voted in 1914 and it was
found that his name was missing
from the registration books at the
polls. One case of this kind came
to light in the sixth precinct. Amos
Dodson was the man. He was regis-
tered in 1914 and voted and in
making up the registration books
for this year the board left his
name off the books.

He was challenged by the demo-
cratic poll book holder. After con-
sulting the records in the auditor's
office it was found that he was
right in his contention and it was
held that a mistake of the regis-
tration board should not keep him
from voting. He was finally permit-
ted to vote.

The vote by precincts early this
afternoon was as follows: No. 1—
180 voted out of 255; No. 2—192
voted out of 205; No. 3—200 voted
out of 234; No. 4—221 voted out of
292; No. 5—406 voted out of
158; No. 6—145 voted out of 220;
No. 7—135 voted out of 218; No.
8—140 voted out of 210; No. 9—177
voted out of 240; No. 10—132
voted out of 170.

FIRST TOWN FOR G. O. P.

Pittsfield, Mass., Nov. 7.—
New Ashford, near here was the
first town in the United States
to announce the result of its
election.

Out of twenty-five registered
voters, twenty-three went to the
polls and made known their
choice as follows:

Hughes, 16; Wilson, 7.
In 1912 New Ashford's vote
was as follows:
Roosevelt 6; Taft 7; Wilson 4.

BOTH PARTIES SEEK CONTROL

Democrats Claim They Will Again
Have Control of Legislature
—Given Attention.

G. O. P. MUST ELECT 17

Public Eye Has Not Been Centered
on This Angle Because of
National Election

(By United Press.)
Indianapolis, Ind., Nov. 7.—Al-
though the biggest political scrap in
Indiana this year has been the bout
between principles in the national
election, the voters today were giv-
ing their attention to a few prelim-
inaries in the fights for control of
the state legislature.

Both parties have been giving a
great deal of attention to legislative
fights in the state, although the
public eye had not been centered on
these issues on account of the de-
nomination of national politics.

Democratic state leaders today
predicted that they would retain
control of both houses of the legis-
lature while republicans were just
as strong forecasting that they would
have a working majority at the next
session.

The republicans will have to elect
seventeen state senators, to gain
control of the upper house. There
are fifty members of the senate. Of
the hold-overs, nine are republican
and the remainder democratic.

PHONE COMPANY TO FLASH RETURNS

Will Show Results in County, State
and Nation on Screen on the
Masonic Temple

MACHINE TESTS ALL RIGHT

Arrangements have all been com-
pleted for the receiving of election
returns in the city tonight. The
telephone company will give the re-
turns on an elaborate scale. The
results will be flashed on a screen
on the Masonic Temple from the
telephone building and a large
crowd is expected to be present. The
stereopticon machine was tested out
last night and is in working order
for tonight. Both the results from
over the state and nation and those
from the county will be given.

The returns will also be received
at both the republican and demo-
cratic headquarters. The returns
to be given by the telephone com-
pany will be received from Indian-
apolis by a special wire and will be
sent here just as soon as they are
received in Indianapolis. This is
the first time anything of the kind
has ever been attempted here. The
warm weather makes it certain that
a large crowd will be down in the
business district of the city to-
night.

SUBMARINE IS SENT DOWN

Austrian U-Boat Sunk in Engage-
ment With Italian Destroyer

(By United Press.)
Rome, Nov. 7.—An Austrian sub-
marine that attacked a troop laden
Italian transport was sunk in an
engagement with a torpedo destroy-
er, the admiralty announced today.
The torpedo boat was so badly
damaged that it sunk later. The
transport escaped damage. Most of
the crew of the submarine was
saved.

Both Presidential Candidates Cast Ballots in Home Precincts

Republican Nominee Hughes Casts
Vote No. 13 in a Laundry in
New York at 7:03 A. M.

WALKS TO BOOTH AND BACK

(By United Press.)
New York, N. Y., Nov. 7.—Re-
publican candidate Charles Evans
Hughes voted ballot No. 13 at 7:03
o'clock this morning in the Victoria
laundry voting booth. He arose
at 5:45 o'clock, took an hour to
dress and left the Astor hotel in
company with two detectives and his
publicity agent at 6:50 o'clock. The
governor walked the three blocks to
the voting booth and returned.

Only a few stragglers, newspaper
men and "movie" cameras were on
hand as he went into the little
Eighth avenue voting place. Cam-
eras clicked and he smiled while
the pictures were being snapped.

A large crowd soon formed and
accompanied him back to the hotel.

Requires 16 Men, 3 Automobiles, 4
Hours and 50 Gallons of Gas-
oline for President to Vote

HE IS THE FIFTIETH VOTER

(By United Press.)
Princeton, N. J., Nov. 7.—It re-
quired 16 men, three automobiles,
four hours and fifty gallons of gas-
oline to deliver President Wilson's
vote for himself here today. The
president with his body guard of
secret service men and staff of
newspaper correspondents made the
trip from Shadow Lawn early today
and although it was only nine
o'clock when he voted he was the
fiftieth voter.

The booth was in a fire engine
house.

The president's arrival was quick-
ly learned by residents and a large
crowd of people soon gathered about
the voting place to cheer him. He
was given an ovation by Princeton
students as he passed through the
streets of the city.

SOME RETURNS ARE ALREADY IN

At Topeka, Kan., First Reports
From 25 Out of 32 Precincts

WILSON AHEAD AT WICHITA

(By United Press.)
Topeka, Kan., Nov. 7.—The first
available election returns came to-
day from 25 out of 32 precincts in
Topeka, the incomplete count giv-
ing Hughes 1,300, Wilson 974. The
double election board used made it
possible for the returns to be given
out early.

Kansas City, Kan., Nov. 7.—Nine
precincts cast up to ten o'clock
gave Hughes 378 votes and Wil-
son 329.

Norwell, Mass., Nov. 7.—Presi-
dent Wilson ran well ahead of the
state ticket here today while Char-
les E. Hughes fell behind the repub-
lican state ticket. Wilson polled
107 votes and Hughes 179.

Wichita, Kan., Nov. 7.—Incom-
plete returns from sixteen out of
twenty-six precincts give Hughes
416 and Wilson 880. Wichita nor-
mally is republican.

RECORD VOTE FOR INDIANA ASSURED

Judging From Reports From All
Parts of State, Early Voting
is the Rule Today

50 IN BY NOON MANY PLACES

(By United Press.)
Indianapolis, Ind., Nov. 7.—A re-
cord vote for Indiana was assured
at noon today, judging from returns
from various cities over the state,
showing that the early vote was
from 15 to 25 per cent greater than
normal.

Election officials reported that
voters had swarmed to the polls in
greater numbers early in the morn-
ing than ever before.

Indianapolis election officials de-
clared that half of the registered
voters had cast their votes by noon
and practically the same conditions
prevailed at other cities in the state.

The Poplar Grove school house,
southeast of Center, has been closed
on account of the measles.

BUT ONE AMERICAN ABOARD THE LANAO

It is Learned That Captain Henry
Mainland, Was Only United
States Citizen on Ship

LANSING INVESTIGATING

(By United Press.)
London, Nov. 7.—There was only
one American aboard the steamer
Lanao sunk by a German submarine
October 25, it was learned here to-
day. Captain Henry Mainland, re-
ports from Wales said, "was the one
American aboard." He said his
ship was of Philippine registry and
flew the American flag when she
was held up off the Portuguese
coast and scuttled with a bomb af-
ter her crew had been taken off.

Mainland left no doubt as to the
nationality of his ship.

(By United Press.)
Washington, Nov. 7.—The state
department this afternoon cabled
Consul General Skinner at London
to forward all details obtainable on
the sinking of the steamer Lanao
and to instruct the consular agent
nearest to Barry, Wales, to get all
possible information from the crew
reported landed there.

WATCHING FOR VOTE FRAUD

Federal Government on the Alert
Today for Illegal Activities

(By United Press.)
Indianapolis, Ind., Nov. 7.—The
federal government gave special at-
tention to voting in the middle west
today to prevent any fraud. Al-
though Frank C. Dailey, special as-
sistant United States attorney in
charge of this investigation refused
to make any statement, he admitted
that he had been busy all day in
connection with his investigation.

Reports from Cleveland and De-
troit were that special agents were
watching the polls there closely with
the expectation of finding some
fraud.

CLEAR FOR ELECTION

New York, N. Y., Nov. 7.—
Clear weather ushered in the
election today in practically
every section of the country,
early reports indicated.

Howard Miller, a student in
Purdue university, is home for a
short visit with his parents, Mr. and
Mrs. Herman Miller of near Milroy.

WATSON AWAITS VERDICT AT HOME

Returns to Rushville This Morning
From Newcastle and Spends
Election Day Quietly

VOTES LATER THAN USUAL

Candidate For Senator Believes Re-
publicans Will Carry State, but
That it Will be Close

James E. Watson arrived home
this morning from Newcastle, where
he closed the campaign with a
flourish last night, and cast his bal-
lot in the second precinct, at A. B.
Irvin's garage, where he has been
voting for many years.

Mr. Watson voted late in the
morning, which is not at all in ac-
cordance with his habit. When at
home the morning of election day, he
takes pride in being among the first
in his precinct to cast a ballot.

But last night Mr. Watson was
tired, and he remained in Newcastle
all night, and took his time about
returning home today, the first day
with any spare hours in it for him:
since he began the campaign for the
senatorial nomination almost a year
ago.

Mr. Watson expressed the con-
viction today that the republicans
will carry Indiana, but that it will
be close. While he expected to
lose a few labor votes, due to the
misleading and false campaign made
against him by the labor organiza-
tion, he expected to regain the loss
from other sources. The campaign
of union labor was indefinite, be-
cause during the latter part of his
campaign, in practically every
speech, he defied union labor to
show where his record was not con-
sistently pro-labor.

Mr. Watson expected to remain
here at his home today, among his
own people, to await calmly the
verdict of the people of Indiana. He
will not go to Winchester until to-
morrow, where Mrs. Watson is on
account of the death of her brother,
W. E. Miller, whose funeral will be
held tomorrow afternoon at two
o'clock.

Everything today points to Mr.
Watson's victory over Tom Taggart.
He aroused a sentiment in Indiana
throughout his strenuous campaign,
during which he spoke 342 times,
which portends victory. It seems to
be in the air. At Newcastle last
night he was received with the most
rousing welcome—the same kind of
a greeting which has marked his
appearance in every county in In-
diana.

A dispatch from Indianapolis to
the Cincinnati Enquirer this morn-
ing says that late last night the
odds were ten to seven that the
Rushville candidate will defeat the
French Lick aspirant. That was
much better than the odds on Hugh-
es, which were only ten to nine that
he would carry Indiana, last night.

The final installment of straw
votes from the Enquirer ballot gave
Watson 3,136 to 2,673 for Taggart.
By calculations, it is found that if
the voting is in the same ratio as
the straw balloting, Mr. Watson will
win over his opponent by 47,000
votes. By the Enquirer figures,
Hughes would carry Indiana by 38,-
000.

Nothing is more remarkable than
the calculations at Richmond from
the Palladium's straw vote, which
showed Watson would run 800 votes
ahead of Hughes in the one-time
progressive stronghold.

The Knights of Pythias will hold
open house tonight at their lodge
rooms. Election returns will be re-
ceived and all members are urged to
make this their headquarters.

Allan H. Blackledge and Weldon
Brann, who have been in Cruthers-
ville, Ind., for the past few weeks,
arrived home today for a short visit.

LIQUOR FIGHTS IN MANY STATES

Along With National and State
Elections John Barleycorn is
Given a Round.

VOTE IN FIFTEEN STATES

In One State Both Prohibition and
Suffrage is Being Considered
at Polls.

(By United Press.)
Indianapolis, Ind., Nov. 7.—In
some fifteen states today, the liquor
question is an issue, and in one of
the states prohibition and suffrage
are both being considered. Reports
from all these states will be embod-
ied in the annual address of Miss
Anna A. Gordon, President of the
National W. C. T. U. at the conven-
tion of the organization here Nov.
17-22.

Tomorrow at Evanston, Ill., head-
quarters of the National W. C. T. U.
a big silk flag will be spread between
the elms in front of the old Francis
E. Willard home, which is the office
building of the organization she
headed, to celebrate the victories,
for the prohibitionists declare it is
a victory whether they have the lar-
gest number of votes cast or not.
They base their claim on the state-
ment that the campaign goes a long
ways to educate the people, in their
doctrines.

The states conducting offensive
campaigns against the saloon are
Michigan, South Dakota, Nebraska,
Montana, California, Idaho and the
Territory of Alaska. The state con-
ducting defensive campaigns are
Oregon, Washington, Colorado, Ar-
kansas, Mississippi and Arizona. In
South Dakota both suffrage and
prohibition are at issue, and at W.
C. T. U. headquarters they call it "a
double header election," because the
National W. C. T. U. is one of the
pioneers of the suffrage cause, and
the organization is as deeply inter-
ested in suffrage as in the temper-
ance cause.

MANY GUARDSMEN CAST VOTES TODAY

Thousands on Mexican Border,
However, are Disfranchised by
Failure of State to Pass Law

RESULTS WILL BE WIRED IN

(By United Press.)
El Paso, Texas, Nov. 7.—In the
military camp stretched along the
Mexican border thousands of na-
tional guardsmen today are casting
their votes for president while other
thousands are losing their suffrage
because their states failed to pass
a law covering this contingency.

In this district 10,000 guardsmen
lined up before the tent of their
commanding officers to vote. Spec-
ial commissioners from their home
state are in charge of the election.
Early this afternoon the polls were
closed and the vote wired to their
respective state capitals.

Democratic Committee Expects to
Make Sum all Right

(By United Press.)
New York, Nov. 7.—Henry Mor-
genthau, chairman of the finance
committee of the democratic na-
tional committee, said today the
democratic campaign cost \$1,850,-
000 and that today the committee
faced a deficit of \$200,000. This
amount he was confident would be
raised and all obligations discharged
regardless of how the election went.

The Watson Ovation

The ovation given to James E. Watson in the great parade, and by the cheering multitude that greeted him at the coliseum on Monday, when he appeared at the final rally in the campaign in Rush county, was evidence of the affectionate regard in which he is held by his neighbors and friends, and the admiration of the people of his home town and county.

The demonstration was spontaneous, enthusiastic and genuine, the welcome warm and affectionate. It was not an ordinary demonstration, such as is sometimes accorded a political speaker by an enthusiastic crowd of admirers, but an outpouring of loyal friends whose interest is personal.

It is the privilege of few men to possess to so marked a degree the confidence and esteem of the people of the community in which he lives, as is accorded to Mr. Watson. It is an estimate based upon a knowledge of his worth, an unbiased opinion of those who know him in his home life.

In honoring Mr. Watson as it did in the great demonstration on Monday, Rushville honored itself. His reputation as an orator and a statesman of preeminent ability is nation wide, and his election to the United States Senate will bring honor and prestige to his home city.

Mr. Watson's knowledge of public questions and his ability to present them ably and forcefully; his great oratorical talent, his geniality, and his wonderful personality, qualify him for and entitle him to the highest honors in the gift of the American people. If he is elected today, and he will be, will soon take rank among the ablest men in the senate, and the progress he is capable of making in that great deliberative body, will, we predict, lead to the highest office in the gift of the peoples—the presidency.

G. O. P. Vs. Democratic Party.

Republican principles, Republican policies, Republican statesmanship, Republican legislation, and Republican management, of national affairs made this country great—great in its population, great in power and prestige throughout the world.

Under Abraham Lincoln, General Grant, and other heroes, the Republican party fought the Civil War and freed the slaves.

The Republican Party encouraged foreign immigration and championed rights of all American citizens. It passed the first free homestead laws, and built the first transcontinental railroad, which developed the vast empire west of the Mississippi river.

It established a protective tariff policy has been the greatest factor in the growth of our population and the expansion of our industries, our trade and our commerce, promoting the contentment, prosperity, and happiness of the people of the United States.

The Republican party under leadership of the lamented McKinley expelled Spain from the Western Hemisphere, striking the shackles of foreign dominion from the Cuban people. It freed the Philippines from Spanish despotism and set the feet of the Filipino people into the path of civilization and progress. The Republican party has always been the champion of human liberty.

What is the record of the Democratic Party?

The Democratic party was pro-slavery and is still pro-slavery in principle.

It has always been a law to u party, and whenever in power under this policy economic disaster invariably overtook the people.

The Democratic party is purely sectional—its stronghold is the Southern States. Government by

Mrs. Jack Knecht will entertain the members of the Card Club at her home on Thursday afternoon.

Mrs. Albert Fleehart and Miss Vira Clark entertained the members of the Embroidery Club at the home of Mrs. Fleehart in West Fifth street this afternoon with a pleasant little informal affair. About nine club members were present. Pretty chrysanthemums furnished decorations for the rooms where the members were entertained and later served with a tempting repfection.

Although the new visiting nurse has not been decided upon definitely, plans in connection with this work were discussed at length at the meeting of the Woman's council held last evening in the director's room of the Rushville National bank. The council has charge of the visiting nurse work in this city and since the resignation of Miss Rosier is planning to continue the excellent work. Eighteen members were present last evening and a number of other business matters were discussed.

Miss Olive Buell and Miss Kathryn Petry were initiated into Kappa Kappa yesterday, when the initiation took place at the home of Mrs. Jack Knecht. Eighteen members of the sorority were present to take part. Miss Jessie Kitchen, a former member of the sorority, has also become active again. Following this, the eighteen members progressed to the home of Mrs. C. J. Tucker where in honor of the new members, a delicious supper was served. The numbers on the elaborate menu had been furnished in pitch-in style and were served as a buffet supper. Several bouquets of flowers brightened the rooms of the home. During the evening, a general good time followed which was made more pleasant by the presence of the new members and the congeniality of the sorority girls. The next meeting of the sorority will be at the home of Miss Clorenne Amos south of the city.

Interest here is attached to the announcement of the engagement of Miss Lucile Meredith, who formerly lived in this city. The following account of the announcement party was given in the Miami "Metropolis."

Miss Lucile Meredith, daughter of Mr. and Mrs. Gilbert Meredith, of 1001 Avenue A, has had a secret from even the closest of her girl friends, but last evening she let them all into the pretty mystery—her engagement and approaching marriage to George Franklin Condon of Boston.

The occasion was a meeting of the Linger Longers, a jolly club of which Miss Meredith is a popular member. The girls gathered at the Meredith home and were entertained at a jolly conversation followed by contests and it was not until the guests were invited into the dining-room that the real purport of the

THERE IS NOT A SINGLE, SOLITARY HOUSEWIFE IN RUSHVILLE who would consent to having the fuss and muss of wash-day in her home day after day for 2 solid months.

NO HOUSEWIFE WOULD HAVE a washwoman around for 2 solid months—no housewife would do the job herself—and no husband would let her.

There are 52 washdays in a year—almost 2 solid months of them. What's the difference whether they come all at once or strung out. It's the same job in the end.

Heat Your Home Better with Hot Air—Pay Less

See the Estate Hot Storm IN ACTION!

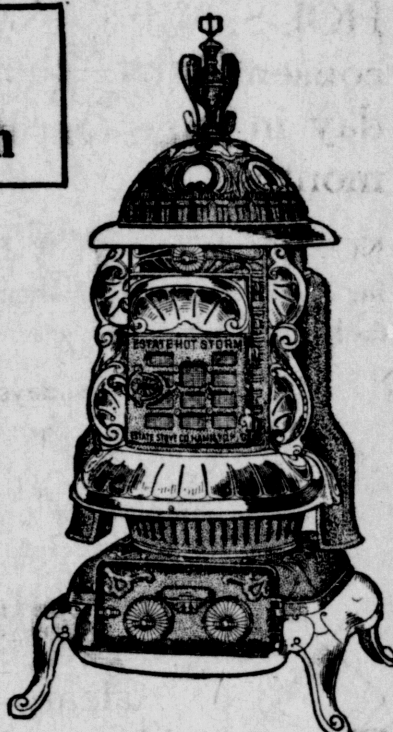

THE WONDERFUL new system of hot air heating that brings the comfort and convenience of a furnace-heated home within everyone's reach will be demonstrated and thoroughly explained by an expert from the Estate Stove Factory at—

Gunn Haydon's
Saturday, November 11th

Estate Hot Storm

—the Stove with a "Little Furnace" in it

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For its interior is utterly different from any stove you have seen—inside it is built like a hot air furnace.

DON'T SCOLD

Here is some good, sound horse sense.

If the dinner doesn't taste just to your liking, if the coffee is a little off color and the flavor is poor, if there is anything else you think ought to be improved upon, don't be in too great haste to criticize your wife. She probably is doing the best she can with the groceries you furnish her.

There's just as much in the groceries as there is in the cooking, and every WOMAN knows it.

FLORENCE

You will remember the great Hot Blast Air Tight Florence that was demonstrated in the Centennial parade Friday, Oct. 13, by Mr. J. B. Howard, the inventor. Read what he has to say about it:

Mr. Howard, the inventor, says that with 4 or 5 tons of the poorest and cheapest grade of soft coal you can heat 4 or 5 rooms all winter with a No. 153 Florence, which will produce cleaner results than hard coal in a base burner. The result that you will get with 4 or 5 tons of the poorest soft coal in the Florence, will equal 6 or 7 tons of coal in any other make of stove or furnaces. VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.—(Adv.)

RECORD VOTE NOT EXPECTED

Early Voting is Rule Today, but
Number Cast by 1 O'clock
Shows Similarity to 1914

NO DISTURBANCES AT POLLS

One Voter's Name Not Being on
Registration Lists Causes Chal-
lenge but he Votes

The vote early slogan coupled with the extremely fine weather insured a full vote in Rush county today. The morning hours saw a steady stream of voters going to the polls but this afternoon the voting had slackened considerably but even at that most of the vote was expected to be in by the time the polls closed.

There was no indication of a record breaking vote being cast. At one o'clock today the vote in the ten precincts in Rushville township was about the same as that cast two years ago. While the registration was heavy the vote will not reach that figure.

Reports from over the county indicated that the same conditions existed there as here. Early voting was the rule and in several of the townships practically the entire vote had been cast by three o'clock. Workers of both parties were busy all day. One noticeable feature of the election was the entire disappearance of the horse drawn vehicle in use for many years in hauling the voters to the polls. The automobile has taken the place of the horse and machines were numerous.

Practically two-thirds of the vote in the ten precincts in Rushville township was in by two o'clock. In the second precinct but thirteen votes remained out. In the third precinct a total of thirty-four votes remained out from a total of 234 as shown by the registration.

The day was void of any disturbances at the polls. Many voters were challenged. Several cases were found in which the voter had registered and voted in 1914 and it was found that his name was missing from the registration books at the polls. One case of this kind came to light in the sixth precinct. Amos Dodson was the man. He was registered in 1914 and voted and in making up the registration books for this year the board left his name off the books.

He was challenged by the democratic poll book holder. After consulting the records in the auditor's office it was found that he was right in his contention and it was held that a mistake of the registration board should not keep him from voting. He was finally permitted to vote.

The vote by precincts early this afternoon was as follows: No. 1—180 voted out of 255; No. 2—192 voted out of 205; No. 3—200 voted out of 234; No. 4—221 voted out of 292; No. 5—406 voted out of 158; No. 6—145 voted out of 220; No. 7—135 voted out of 218; No. 8—140 voted out of 210; No. 9—177 voted out of 240; No. 10—132 voted out of 170.

FIRST TOWN FOR G. O. P.

Pittsfield, Mass., Nov. 7.—New Ashford, near here was the first town in the United States to announce the result of its election.

Out of twenty-five registered voters, twenty-three went to the polls and made known their choice as follows:

Hughes, 16; Wilson, 7.
In 1912 New Ashford's vote was as follows:

Roosevelt 6; Taft 7; Wilson 4.

BOTH PARTIES SEEK CONTROL

Democrats Claim They Will Again
Have Control of Legislature
—Given Attention.

G. O. P. MUST ELECT 17

Public Eye Has Not Been Centered
on This Angle Because of
National Election

(By United Press.)
Indianapolis, Ind., Nov. 7.—Although the biggest political scrap in Indiana this year has been the bout between principles in the national election, the voters today were giving their attention to a few preliminaries in the fights for control of the state legislature.

Both parties have been giving a great deal of attention to legislative fights in the state, although the public eye had not been centered on these issues on account of the denunciation of national politics.

Democratic state leaders today predicted that they would retain control of both houses of the legislature while republicans were just as strong forecasting that they would have a working majority at the next session.

The republicans will have to elect seventeen state senators, to gain control of the upper house. There are fifty members of the senate. Of the hold-overs, nine are republican and the remainder democratic.

MACHINE TESTS ALL RIGHT

Arrangements have all been completed for the receiving of election returns in the city tonight. The telephone company will give the returns on an elaborate scale. The results will be flashed on a screen on the Masonic Temple from the telephone building and a large crowd is expected to be present. The stereopticon machine was tested out last night and is in working order for tonight. Both the results from over the state and nation and those from the county will be given.

The returns will also be received at both the republican and democratic headquarters. The returns to be given by the telephone company will be received from Indianapolis by a special wire and will be sent here just as soon as they are received in Indianapolis. This is the first time anything of the kind has ever been attempted here. The warm weather makes it certain that a large crowd will be down in the business district of the city tonight.

Republican Nominee Hughes Casts
Vote No. 13 in a Laundry in
New York at 7:03 A. M.

WALKS TO BOOTH AND BACK

(By United Press.)
New York, N. Y., Nov. 7.—Republican candidate Charles Evans Hughes voted ballot No. 13 at 7:03 o'clock this morning in the Victoria laundry voting booth. He arose at 5:45 o'clock, took an hour to dress and left the Astor hotel in company with two detectives and his publicity agent at 6:50 o'clock. The governor walked the three blocks to the voting booth and returned.

Only a few stragglers, newspaper men and "movie" cameras were on hand as he went into the little Eighth avenue voting place. Cameras clicked and he smiled while the pictures were being snapped. A large crowd soon formed and accompanied him back to the hotel.

(By United Press.)
Princeton, N. J., Nov. 7.—It required 16 men, three automobiles, four hours and fifty gallons of gasoline to deliver President Wilson's vote for himself here today. The president with his body guard of secret service men and staff of newspaper correspondents made the trip from Shadow Lawn early today and although it was only nine o'clock when he voted he was the fiftieth voter.

The booth was in a fire engine house. The president's arrival was quickly learned by residents and a large crowd of people soon gathered about the voting place to cheer him. He was given an ovation by Princeton students as he passed through the streets of the city.

WILSON AHEAD AT WICHITA

(By United Press.)
Topeka, Kan., Nov. 7.—The first available election returns came today from 25 out of 32 precincts in Topeka, the incomplete count giving Hughes 1,300, Wilson 974. The double election board used made it possible for the returns to be given out early.

Kansas City, Kan., Nov. 7.—Nine precincts cast up to ten o'clock gave Hughes 378 votes and Wilson 329.

Norwell, Mass., Nov. 7.—President Wilson ran well ahead of the state ticket here today while Charles E. Hughes fell behind the republican state ticket. Wilson polled 107 votes and Hughes 179.

Wichita, Kan., Nov. 7.—Incomplete returns from sixteen out of twenty-six precincts give Hughes 416 and Wilson 380. Wichita normally is republican.

RECORD VOTE FOR INDIANA ASSURED

Judging From Reports From All
Parts of State, Early Voting
is the Rule Today

50 IN BY NOON MANY PLACES

(By United Press.)
Indianapolis, Ind., Nov. 7.—A record vote for Indiana was assured at noon today, judging from returns from various cities over the state showing that the early vote was from 15 to 25 per cent greater than normal.

Election officials reported that voters had swarmed to the polls in greater numbers early in the morning than ever before.

Indianapolis election officials declared that half of the registered voters had cast their votes by noon and practically the same conditions prevailed at other cities in the state.

BUT ONE AMERICAN ABOARD THE LANAO

It is Learned That Captain Henry
Mainland Was Only United
States Citizen on Ship

LANSING INVESTIGATING

(By United Press.)
London, Nov. 7.—There was only one American aboard the steamer Lanao sunk by a German submarine October 25, it was learned here today. Captain Henry Mainland, reports from Wales said, "was the one American aboard." He said his ship was of Philippine registry and flew the American flag when she was held up off the Portuguese coast and scuttled with a bomb after her crew had been taken off.

Mainland left no doubt as to the nationality of his ship.

(By United Press.)
Washington, Nov. 7.—The state department this afternoon cabled Consul General Skinner at London to forward all details obtainable on the sinking of the steamer Lanao and to instruct the consular agent nearest to Barry, Wales, to get all possible information from the crew reported landed there.

WATCHING FOR VOTE FRAUD

Federal Government on the Alert
Today for Illegal Activities

(By United Press.)
Indianapolis, Ind., Nov. 7.—The federal government gave special attention to voting in the middle west today to prevent any fraud. Although Frank C. Dailey, special assistant United States attorney in charge of this investigation refused to make any statement, he admitted that he had been busy all day in connection with his investigation.

Reports from Cleveland and Detroit were that special agents were watching the polls there closely with the expectation of finding some fraud.

CLEAR FOR ELECTION

New York, N. Y., Nov. 7.—Clear weather ushered in the elections today, in practically every section of the country, early reports indicated.

WATSON AWAITS VERDICT AT HOME

Returns to Rushville This Morning
From Newcastle and Spends
Election Day Quietly

VOTES LATER THAN USUAL

Candidate For Senator Believes Re-
publicans Will Carry State, but
That it Will be Close

James E. Watson arrived home this morning from Newcastle, where he closed the campaign with a flourish last night, and cast his ballot in the second precinct, at A. B. Irvin's garage, where he has been voting for many years.

Mr. Watson voted late in the morning, which is not at all in accordance with his habit. When at home the morning of election day, he takes pride in being among the first in his precinct to cast a ballot.

But last night Mr. Watson was tired, and he remained in Newcastle all night, and took his time about returning home today, the first day with any spare hours in it for him since he began the campaign for the senatorial nomination almost a year ago.

Mr. Watson expressed the conviction today that the republicans will carry Indiana, but that it will be close. While he expected to lose a few labor votes, due to the misleading and false campaign made against him by the labor organization, he expected to regain the loss from other sources. The campaign of union labor was indefinite, because during the latter part of his campaign, in practically every speech, he defied union labor to show where his record was not consistently pro-labor.

Mr. Watson expected to remain here at his home today, among his own people, to await calmly the verdict of the people of Indiana. He will not go to Winchester until tomorrow, where Mrs. Watson is on account of the death of her brother, W. E. Miller, whose funeral will be held tomorrow afternoon at two o'clock.

Everything today points to Mr. Watson's victory over Tom Taggart. He aroused a sentiment in Indiana throughout his strenuous campaign, during which he spoke 342 times, which portends victory. It seems to be in the air. At Newcastle last night he was received with the most rousing welcome—the same kind of a greeting which has marked his appearance in every county in Indiana.

A dispatch from Indianapolis to the Cincinnati Enquirer this morning says that late last night the odds were ten to seven that the Rushville candidate will defeat the French Lick aspirant. That was much better than the odds on Hughes, which were only ten to nine that he would carry Indiana, last night.

The final installment of straw votes from the Enquirer ballot gave Watson 3,136 to 2,673 for Taggart. By calculations, it is found that if the voting is in the same ratio as the straw balloting, Mr. Watson will win over his opponent by 47,000 votes. By the Enquirer figures, Hughes would carry Indiana by 38,000.

Nothing is more remarkable than the calculations at Richmond from the Palladium's straw vote, which showed Watson would run 800 votes ahead of Hughes in the one-time progressive stronghold.

The Knights of Pythias will hold open house tonight at their lodge rooms. Election returns will be received and all members are urged to make this their headquarters.

Allan H. Blackledge and Weldon Brann, who have been in Cruthersville, Ind., for the past few weeks, arrived home today for a short visit.

LIQUOR FIGHTS IN MANY STATES

Along With National and State
Elections John Barleycorn is
Given a Round.

VOTE IN FIFTEEN STATES

In One State Both Prohibition and
Suffrage is Being Considered
at Polls.

(By United Press.)
Indianapolis, Ind., Nov. 7.—In some fifteen states today, the liquor question is an issue, and in one of the states prohibition and suffrage are both being considered. Reports from all these states will be embodied in the annual address of Miss Anna A. Gordon, President of the National W. C. T. U. at the convention of the organization here Nov. 17-22.

Tomorrow at Evanston, Ill., headquarters of the National W. C. T. U. a big silk flag will be spread between the elms in front of the old Francis E. Willard home, which is the office building of the organization she headed, to celebrate the victories, for the prohibitionists declare it is a victory whether they have the largest number of votes cast or not. They base their claim on the statement that the campaign goes a long ways to educate the people, in their doctrines.

The states conducting offensive campaigns against the saloon are Michigan, South Dakota, Nebraska, Montana, California, Idaho and the Territory of Alaska. The state conducting defensive campaigns are Oregon, Washington, Colorado, Arkansas, Mississippi and Arizona. In South Dakota both suffrage and prohibition are at issue, and at W. C. T. U. headquarters they call it "a double header election," because the National W. C. T. U. is one of the pioneers of the suffrage cause, and the organization is as deeply interested in suffrage as in the temperance cause.

Failure of State to Pass Law

RESULTS WILL BE WIRED IN

(By United Press.)
El Paso, Texas, Nov. 7.—In the military camp stretched along the Mexican border thousands of national guardsmen today are casting their votes for president while other thousands are losing their suffrage because their states failed to pass a law covering this contingency.

In this district 10,000 guardsmen lined up before the tent of their commanding officers to vote. Special commissioners from their home state are in charge of the election. Early this afternoon the polls were closed and the vote wired to their respective state capitals.

New York, Nov. 7.—Henry Morgenthau, chairman of the finance committee of the democratic national committee, said today the democratic campaign cost \$1,550,000 and that today the committee faced a deficit of \$200,000. This amount he was confident would be raised and all obligations discharged, regardless of how the election went.

"It seems that all my trouble has vanished before Tanlac. I eat heartily now and I am not bothered by gas formations. My stomach is in much better shape; my nerves are in good condition once more; I sleep fine. Tanlac is the best medicine I ever took in my life."
Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like, and is a general tonic for weak, run-down people. The Watson Ovation

The ovation given to James E. Watson in the great parade, and by the cheering multitude that greeted him at the coliseum on Monday, when he appeared at the final rally in the campaign in Rush county, was evidence of the affectionate regard in which he is held by his neighbors and friends, and the admiration of the people of his home town and county.

The demonstration was spontaneous, enthusiastic and genuine, the welcome warm and affectionate. It was not an ordinary demonstration, such as is sometimes accorded a political speaker by an enthusiastic crowd of admirers, but an outpouring of loyal friends whose interest is personal.

It is the privilege of few men to possess to so marked a degree the confidence and esteem of the people of the community in which he lives, as is accorded to Mr. Watson. It is an estimate based upon a knowledge of his worth, an unbiased opinion of those who know him in his home life.

In honoring Mr. Watson as it did in the great demonstration on Monday, Rushville honored itself. His reputation as an orator and a statesman of preeminent ability is nation wide, and his election to the United States Senate will bring honor and prestige to his home city.

Mr. Watson's knowledge of public questions and his ability to present them ably and forcefully; his great oratorical talent, his geniality, and his wonderful personality, qualify him for and entitle him to the highest honors in the gift of the American people. If he is elected today, and he will be, will soon take rank among the ablest men in the senate, and the progress he is capable of making in that great deliberative body, will, we predict, lead to the highest office in the gift of the peoples—the presidency.

G. O. P. Vs. Democratic Party.

Republican principles, Republican policies, Republican statesmanship, Republican legislation, and Republican management, of national affairs made this country great—great in its population, great in power and prestige throughout the world.

Under Abraham Lincoln, General Grant, and other heroes, the Republican party fought the Civil War and freed the slaves.

The Republican Party encouraged foreign immigration and championed rights of all American citizens. It passed the first free homestead laws, and built the first transcontinental railroad, which developed the vast empire west of the Mississippi river.

It established a protective tariff policy has been the greatest factor in the growth of our population and the expansion of our industries, our trade and our commerce, promoting the contentment, prosperity, and happiness of the people of the United States.

The Republican party under leadership of the lamented McKinley expelled Spain from the Western Hemisphere, striking the shackles of foreign domination from the Cuban people. It freed the Philippines from Spanish despotism and set the feet of the Filipino people into the path of civilization and progress. The Republican party has always been the champion of human liberty.

What is the record of the Democratic Party?

The Democratic party was pro-slavery and is still pro-slavery in principle.

It has always been a low party, and whenever in power under this policy economic disaster invariably overtook the people.

The Democratic party is purely sectional—its stronghold is the Southern States. Government by

Greatest enemies of your TEETH

—are Pyorrhea and decay.

Both usually develop only in the mouth where germ-laden tartar is present.

"But I brush my teeth," you say. Yes, you brush them, but do you REALLY CLEAN them?

Tonight, after brushing your teeth, go to the mirror and examine them. In all probability you will find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Senreco, the formula of a dental specialist, REALLY CLEANS. It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay.

All the farmers are busily engaged gathering in the corn.

Preaching services were held in both churches on Sunday. Next Sunday night there will be a temperance service held by all the congregations together. It will consist of songs, declamations and recitations. It will be held in the M. E. church because that night will be the off night for preaching. The Rev. Daniel Ryan preaches at Falmouth that evening.

Mr. and Mrs. William Combs and Mr. and Mrs. William Baker motored to Tipton on Sunday.

Frank Murphy cribbed 118 bu. of yellow corn one day last week, the corn making about 70 bushels per acre.

The streets here have all undergone a complete change since Mr. Miller with his traction roller and harrow tore them up and rolled them, it will surely be dusty for a while.

In this car are found the complete equipment and the refinements of much higher priced cars.

Mrs. Jack Knecht will entertain the members of the Card Club at her home on Thursday afternoon.

Mrs. Albert Fleehart and Miss Vira Clark entertained the members of the Embroidery Club at the home of Mrs. Fleehart in West Fifth street this afternoon with a pleasant little informal affair. About nine club members were present. Pretty chrysanthemums furnished decorations for the rooms where the members were entertained and later served with a tempting repast.

Although the new visiting nurse has not been decided upon definitely, plans in connection with this work were discussed at length at the meeting of the Woman's council held last evening in the director's room of the Rushville National bank. The council has charge of the visiting nurse work in this city and since the resignation of Miss Rosier is planning to continue the excellent work. Eighteen members were present last evening and a number of other business matters were discussed.

Miss Olive Buell and Miss Kathryn Petry were initiated into Kappa Kappa yesterday, when the initiation took place at the home of Mrs. Jack Knecht. Eighteen members of the sorority were present to take part. Miss Jessie Kitchen, a former member of the sorority, has also become active again. Following this, the eighteen members progressed to the home of Mrs. C. J. Tucker where in honor of the new members, a delicious supper was served. The numbers on the elaborate menu had been furnished in pitch-in style and were served as a buffet supper. Several bouquets of flowers brightened the rooms of the home. During the evening, a general good time followed which was made more pleasant by the presence of the new members and the congeniality of the sorority girls. The next meeting of the sorority will be at the home of Miss Clarence Ames south of the city.

Interest here is attached to the announcement of the engagement of Miss Lucile Meredith, who formerly lived in this city. The following account of the announcement party was given in the Miami "Metropolis."

Miss Lucile Meredith, daughter of Mr. and Mrs. Gilbert Meredith, of 1001 Avenue A, has had a secret from even the closest of her girl friends, but last evening she let them all into the pretty mystery—her engagement and approaching marriage to George Franklin Condon of Boston.

The occasion was a meeting of the Linger Longers, a jolly club of which Miss Meredith is a popular member. The girls gathered at the Meredith home and were entertained at a jolly conversation followed by contests and it was not until the guests were invited into the dining-room that the real purport of the

Heat Your Home Better with Hot Air—Pay Less

See the Estate Hot Storm IN ACTION!

THE WONDERFUL new system of hot air heating that brings the comfort and convenience of a furnace-heated home within everyone's reach will be demonstrated and thoroughly explained by an expert from the Estate Stove Factory at—

Gunn Haydon's
Saturday, November 11th

Estate Hot Storm

—the Stove with a "Little Furnace" in it

is not a stove, not a furnace, but a heating system that combines the best features of both. It sets in the room like a stove, its exterior looks like a stove, but there the similarity ends. For its interior is utterly different from any stove you have seen—inside it is built like a hot air furnace.

DON'T SCOLD YOUR WIFE

Here is some good, sound horse sense.

If the dinner doesn't taste just to your liking, if the coffee is a little off color and the flavor is poor, if there is anything else you think ought to be improved upon, don't be in too great haste to criticize your wife. She probably is doing the best she can with the groceries you furnish her.

There's just as much in the groceries as there is in the cooking, and every WOMAN knows it.

I Will Give \$5,000 to Any Stove Manufacturer

Or dealer who will produce a soft coal stove outside the construction of the FLORENCE that will burn all the ingredients of soft coal—absolutely—or will heat the same amount of space with the same amount of fuel as the Florence.

(Signed) J. B. HOWARD.

This offer appeared in this paper the week of October 16, and up until this time no one has accepted the challenge.

4 OR 5 TONS OF COAL WILL HEAT YOUR HOME
ALL WINTER WITH A

FLORENCE

You will remember the great Hot-Blast Air-Tight Florence that was demonstrated in the Centennial parade Friday, Oct. 13, by Mr. J. B. Howard, the inventor. Read what he has to say about it:

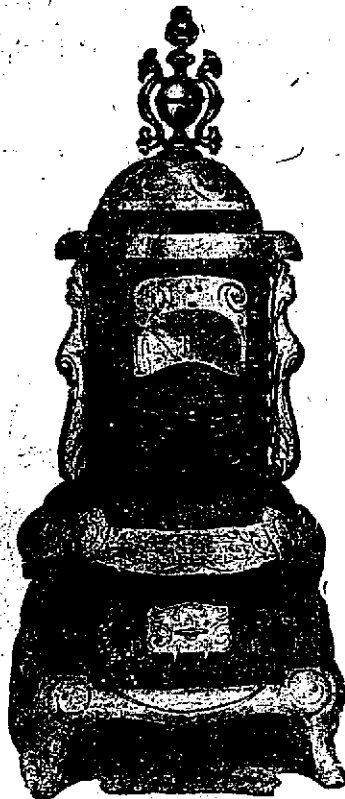

Mr. Howard, the inventor, says that with 4 or 5 tons of the poorest and cheapest grade of soft coal you can heat 4 or 5 rooms all winter with a No. 153 Florence, which will produce cleaner results than hard coal in a base burner. The result that you will get with 4 or 5 tons of the poorest soft coal in the Florence, will equal 6 or 7 tons of coal in any other make of stove or furnaces. The FLORENCE makes its own gas and burns it. The FLORENCE makes its own coke and burns it.

VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.—(Adv.)
